Note list

1 Introduction

This document is used as a test to make my npage package

2   New \npage command

Trying out different colours.

`N10-P001` [1]

`N10-P002`

Test text. This text would be on the page provided

3   Commands from the template document

`NOTE` This is a note with some text.

`TODO` This is a note about something that still needs to be done.

`TODO` This is another todo note

`TODO` I need to add a reminder that this conflicts with the todonotes package

`NOTE` This is a note with some text. This note specifically is longer than the text width to test if the line wraps properly.
